

Considerate Contractor Code of Practice

All our activities will be carried out with due consideration for residents, workers, pedestrians, visitors, neighbouring occupiers, businesses, and highway users at times and in a manner that will minimise disturbance. Special attention will be shown to the needs of those who have difficulties with sight, hearing, mobility, in wheelchairs, or pushchairs.

Quiet

Noise from our work, machinery, workers, radios, music, vehicles, and all other sources will be kept to a minimum.

Clean

Footways, carriageways, public areas adjacent to the site, as well as all visible aspects of site activities such as hoardings, scaffolding and warning lights, will be kept clean and in good order.

Dust will be kept to a minimum.

Mud and spillage will be cleaned off pavements, roads and public areas immediately.

Responsible

We shall ensure that all employees, agents, sub-contractors, suppliers, drivers and others working on or near the project or activity maintain all aspects of the code of good practice.

Tidy

We take pride in the condition and appearance of the site, adjacent highways and public areas in every way, including the tidiness of temporary structures, materials, machinery and the constant removal of litter and rubbish.

Safe

All our contracts and vehicle movements will be carried out with utmost care for safety of passers-by, adjacent neighbours and for our staff.

All plant and machinery items are maintained in safe working order and the safety of structures is checked frequently.

Accountable

A contact board will be clearly displayed on site giving names and telephone numbers of staff who can be contacted promptly and take immediate action in response to issues raised by residents, businesses, and others.
